## ***A Movement of People Committed to Saving Dogs and Cats in the St. Louis Region***

### **Three reasons to Spay or Neuter your pet:**

- Safety** *Behaviorally, neutered pets are calmer and not distracted by the urge to roam. Households with more than one pet will avoid aggressive and territorial behavior that can result between unaltered animals.*
- Health** *Neutered animals can live longer, happier lives than unaltered animals because they tend to have less health issues.*
- Cost** *It is expensive to provide food and medical care for a litter of puppies or kittens. Increased health risks from not spaying or neutering can result in expensive medical needs.*

If you can't afford to spay or neuter your dog or cat, or if you do not have a veterinarian, contact [www.NoUnwantedLitters.org](http://www.NoUnwantedLitters.org) or 314-982-5037 for low-cost options.

**Did you know**, over 20,000 dogs and cats are euthanized a year in the St. Louis Region. You can **help!**

- Make a Promise*** I will support the No Unwanted Litters program and work to stop pet overpopulation in the St. Louis region.
- Spread the Word*** On-line sign up at [www.NoUnwantedLitters.com](http://www.NoUnwantedLitters.com) to become a Trained ambassador to educate neighborhood groups, school groups and health groups, or call 314-982-5037.
- Donate*** On-line donations to four low-cost spay/neuter groups at [www.No.UnwantedLitters.com](http://www.No.UnwantedLitters.com) or call 314-982-5037.
